

Fire Department Celebration Nov. 26

Palm Springs' new fire truck, a 750 gallon pumper, will arrive here Nov. 26, it was revealed this week by Fire Chief, Bill Leonisio. Soon after arriving in the village it will be given a good test by representatives from the National Board of Fire Underwriters.

Within a day or so of Nov. 26th ceremonies will be held to christen the new truck. Among the various activities to take place on that day will be the unveiling of the bronze plaque set in place last Saturday in the front wall of the fire station. There will be a flag raising ceremony when the flag is hoisted on the new 65 foot flagpole in front of the fire station. The flag is probably the largest in town, measuring 8 x 12 feet. Some one will break a bottle of champagne or some other liquid on the new truck, and it is hoped that a banquet can be arranged.

The Board of Fire Commissioners plan to meet next week to discuss the plans for this occasion.

The first unit of the Ganewell Alarm System will be installed within 60 days. This is the beginning of a system that can accommodate from 40 to 60 fire-alarm boxes.

Plans Mature For New School Buildings

The Banning Union High school board has made such progress with plans for construction of new buildings at Palm Springs and Banning that bids will be asked from contractors in the very near future.

With the funds accrued from bond sale and federal allotment it will be possible to erect modern and commodious buildings on both sites.

BLESSED EVENT

Chuck Morrison received a long distance telephone call this week from his friend, Rex Bell, that there will be a blessed event at the Bell home, and that Rex and his wife, the lovely Clara Bow, will soon come to Palm Springs to visit with Chuck and Lee Morrison. Rex and Clara have one child several years old.

Second Radio Broadcast of The Season

The second Palm Springs radio program went on the air Wednesday afternoon over KFI at 5:45. Guest artist was "Whiteflower," young Ponca Indian girl, who played the accordion and sang desert melodies.

Guest of the broadcast was Harold "Dutch" Smith, who, in an interview with Mel Roach, well known radio announcer, answered pertinent questions concerning the 10th Annual Desert Swimming Meet and Fashion Show to be staged Sunday.

"Letters to Kim," featuring Palm Springs social and sports activities, presented by Elizabeth Swallow, gave a vivid description of the first break-fast ride of the season of the Desert Riders.

Wednesday, November 17, at 5:45 p. m., Palm Springs will again present a noted guest, and "Letters to Kim" will describe the romance and history of early Palm Springs, going back to the time of the Butterfield stage days and the first white settlers.

The purpose of these broadcasts is to acquaint listeners with facts and picturesque details of this desert community. There are a hundred and one interesting stories to be told and the atmosphere and charm of the Village will be particularly stressed, as well as subtle references to the sponsors which are woven into the story in such a manner as not to appear too obviously commercial.

For good job printing phone the Desert Sun, 3594.

Meeting Tonight At School House

At the request of a number of business people, a meeting will be held at the school house auditorium on Friday evening, November 12 at 8:30 p. m. for the purpose of again starting the activities of the Palm Springs Associates and reorganize the board of directors. Everyone interested in this important matter should attend. The meeting will be as short as possible and no subscriptions will be asked.

(Signed) Warren B. Pinney,
President.

Goff Hotel Leased by L. A. Men

Alex Nord and Mr. David Goodsell of Los Angeles have leased the Goff Hotel and Cottages for a period of ten years. For the past several years Mr. Nord has managed the Stillwell Hotel of Los Angeles and comes to Palm Springs from the Stillwell.

Mrs. Katherine Pollak, who is associated with Raymond Cree, realtor, secured the lessees for Mr. and Mrs. Frank Goff. The hotel has 27 hotel rooms and 10 cottages.

The new managers contemplate a number of improvements, including the construction of a swimming pool before next season.

Mr. Nord, who is here with his wife and attractive 16-year-old daughter, Willow Louise, has had wide experience in operating fine hotels. For a number of years he was assistant manager of the Grand Hotel in Yokohama, Japan, and he was assistant manager of the famous new Palmer House in Chicago when it opened in 1927. After completing his contract at the Palmer House, he went to the exclusive Banff Springs Hotel in the Canadian Rockies, and a few years ago came to Southern California.

Mr. Goodsell comes from a wealthy (Continued On Last Page)

Paramount Films "Jungle Princess" In Palm Canyon

Paramount Motion Picture Co. has completed an elaborate and complicated motion picture set about a quarter of a mile in Palm Canyon on the brink of the canyon wall. There the "Jungle Princess" will be filmed, beginning the latter part of this week. A large company of stars and extras have arrived to take part in the production.

Petition at Post Office Daily 3 to 5

The committee circulating the incorporation petition now have the petition in front of the postoffice daily, except Sunday, from 3 to 5 p. m., for the accommodation of those who wish to sign.

All Palm Springs property owners, whether voters here or not, may sign the petition. Owners of more than 25 per cent of the value of all Palm Springs property (as required by law) have signed the petition, but 25 per cent of the number of property owners (also required by law) have not yet signed. So far about 400 individuals have signed.

All signatures must be witnessed by at least three qualified voters, therefore the committee of three, Ludie Britsch, John Sprague and Dave Bixby will be on hand daily from 3 to 5, with the petition. Those who wish to sign are requested to do so at once, in order to relieve the committee from their duties as soon as possible. It is believed the work can be completed within a week. Co-operation of the public will be appreciated.

Lovely Gloria Youngblood, Rudy Vallee's Heart-throb

—Exclusive camera study by Earle Love.

MISS GLORIA YOUNGBLOOD of Hollywood, who last week-end was a guest of Rudy Vallee at the Desert Inn and also his guest at the Racquet Club dinner dance at which Rudy and his band played. Miss Youngblood is a new motion picture personality in Hollywood

and has a promising future ahead of her. She is a frequent guest at the Desert Inn, and has been seen many times lately in company with America's popular crooner and leader of the Connecticut Yankees, who spent the week-end here.

Strong Demand for Boxes at Field Club

Directors and stockholders of the Field Club and last season's boxholders, who were given first chance to buy boxes for the season, had purchased half of the boxes for the season, by last night, and now the sale is opened to the public. There are 48 boxes, and 24 have been purchased. The price is \$150 for the season, which includes federal tax and parking space in the reserved section near the grand stand.

The box holders will be entitled to attend all events of the Club this season with a minimum of 12 already programmed. The list includes the Gymkhanas, which are to be held about every two weeks; the Sixth Annual Palm Springs Kennel Club Show on December 12; the Second Annual Rodeo, January 28 and 29; the Third Annual Hunter Trials and Horse Show, February 25, 26 and 27, and the Desert Circus, March 17. Field Club officials also hope to present a week of polo in April and box holders will be entitled to these events also.

Breakfast Club Rangers Here for Week-end

About 80 members of the Rangers division of the Los Angeles Breakfast Club will arrive at the Desert Inn tomorrow to spend the week-end.

Tomorrow evening they will have a dinner dance in the lobby of the Inn, and Sunday morning they will have a breakfast ride on the desert. The group is headed by their president, Don Lake.

Education To Prevent Auto Accidents

Education should be the principal factor to prevent highway accidents, said Attorney Ivan Kelso yesterday noon, in his speech to the Lions Club at Carl's Restaurant.

Mr. Kelso, who is head of the legal department of the Automobile Club of Southern California, mentioned engineering and law enforcement as secondary to education.

"Psychologists tell us that people can't pay attention to any one thing very long," said Mr. Kelso. "We must be taught how to pay attention to our driving for longer periods and how to become more skillful drivers. We must also learn to be more courteous on the highways. Our educational institutions ought to teach children and adults how to drive."

The speaker said 36,575 people were killed by automobiles last year and that it is to be expected 40,000 will be killed this year. In 1936 more than two million people were injured in automobile accidents, and this year the number will probably total 2,400,000. "With such a toll of death and injuries, certainly it is as important to teach our young folks how to drive as it is to teach them other subjects which are now taught in the schools."

The speaker was introduced by Lloyd Simon, chairman of the day.

(Continued Next Week)

Recent visitors were Mr. and Mrs. John South of San Francisco. Mr. South, a well-known California newspaper man, is public relations officer for the State Board of Equalization with headquarters in San Francisco.

220 Entertained By Rudy at Racquet Club

The gayest party of last week was the Racquet Club's formal opening dinner dance last Friday evening. All of Hollywood seemed to be here for the occasion, as well as many other notables and socialites who reside in Palm Springs.

Rudy Vallee and his 30-piece orchestra and entertainers, known as the Connecticut Yankees, provided the floor show and music for the dance.

Under the big tent which covered the first tennis court fronting the club house some two hundred and twenty gathered for the evening.

A special dance floor was imported for the occasion. A special bar was constructed in the big tent. There were balloons and smart favors—and there was a marvelous two-hour floor show by Vallee's entertainers. Rudy himself really worked hard all evening. He sang and led the band throughout the evening.

Among the large parties at the affair were those of the James Arkells. (Continued On Last Page)

Bullock's Model Home to Open Soon

The beautiful new home just completed for A. F. Hicks in Little Tucson, No. 1, is now being furnished by Bullock's, and the Model Home will soon be open for inspection.

The house is of a type of architecture prevalent in Tuscany, a residential section overlooking Florence, Italy. (All homes built in Little Tucson.) (Continued On Page 7)

Power Co. Makes \$90,000.00 Improvement

The Nevada-California Electric Corporation is engaged in an extensive program of improvements in its transmission and distribution systems in the Palm Springs area to cost about \$90,000. The domestic load here has become so important, according to Francis Crocker, local superintendent, that company officials felt justified in undertaking improvements looking ultimately toward a complete "duplicate feeder system," which is the highest type of electrical distribution system in modern practice.

At the present time Palm Springs has double transmission service, one extending from Banning to Palm Springs at 33,000 volts, and another over a line from Coachella to Palm Springs at 17,000 volts. As a first step toward completing the double feeder plan, a third line will be constructed from the corporation's high-tension transmission system at Garnet station to a new substation in the northern part of Palm Springs. This service will be at 33,000 volts.

The North Palm Springs substation will be a modern fabricated steel structure of 1200 kva. capacity, with facilities for two incoming 33,000-volt lines and two outgoing 4,000-volt lines," says Crocker. "The substation will be equipped with voltage regulators, lightning arresters and control apparatus."

The substation at Garnet on the main transmission line will be a wood-pole structure of 1500 kva. capacity with necessary switching and control equipment.

"When these improvements are completed Palm Springs will not only have first-class insurance against interruptions in service, but will have capacity enough to take care of their rapidly increasing load."

R. A. Beck is a guest here of his daughter and her husband, Mr. and Mrs. Merritt Williams. Mr. Beck is very familiar with the early days of Palm Springs. He made his first trip here 25 years ago when he had to carry a sufficient supply of food and gasoline to take care of his needs while here. "Palm Springs looks much different now than it did when I first saw it," he said. "The desert roads were terrible in those early days, and accommodations were few."

Many Events Here Sunday

The many events to be staged Sunday, will make it a big day in Palm Springs. There will be enough going on to keep the most active visitor jumping to see it all.

The Tenth Annual Swimming Meet and Fashion Show at El Mirador begins at eleven o'clock and lasts until two.

Prominent amateur swimmers and divers will give exhibitions, along with the four greatest divers of all time, "Dutch" Smith, Mickey Riley, Farid Samalka and Bill Lewin.

With this there will be a desert fashion show featuring Palm Springs fashions which will be modeled by prominent movie stars.

At 2:30 in the afternoon, Travis Rogers will put on the first gymkhana of the season at the Field Club, where local cowboys and guests will enter in all sorts of horse events. There will be races, jumps, chicken pulls, chariot races, chuck wagon races, three-gaited and stock horse classes.

This marks the beginning of a series of gymkhanas to be held periodically at the Field Club under the guidance of Travis Rogers, who has long been in charge of horse events staged in Palm Springs.

With some of the best cowboys in the country, and an array of horses, hunters and show types, belonging to the various villagers, this is certain to be a banner year for the equestrian-minded folk.

Member Palm Springs Realty Board

The Palm Springs Boy Scouts got off to a fine start at their first meeting of the current season held Tuesday, Nov. 2, at the Scout Hut, with a total membership of 20. At this time last season there were approximately five members to start the ball rolling.

Thirty boys attended the second meeting held Tuesday evening, and with these and others to work with, it is expected that the local troop will boast around thirty members at the height of the season.

Among the extensive plans made for this year is the plan for some sort of a trip for every other week-end. These trips will consist of Saturday or Sunday hikes, over-night hikes and the like.

Plans have also been made for mounted drill for the entire troop in anticipation of the Desert Circus, at which time the Boy Scouts hope to use it to some advantage. Points will be given and the 12 highest will receive ten-gallon hats and spurs. The mounted troop will have its first drill Saturday under the capable leadership of Miss Mary White and "Cotton" of the Araby Stables.

The Junior Chamber of Commerce is doing a fine thing in sponsoring the Boy Scout troop and deserves a lot of credit for its work. The Boy Scout Executive Committee of that organization is made up of the following members: Ralph E. Hall III, the new Scoutmaster, and Gerald Estgate, Bob Geggie, George Shill, Merritt Williams and Jimmy Cooper.

CUB SCOUTS

This year in addition to the Boy Scouts the Junior Chamber of Commerce is sponsoring a troop of Cub Scouts. This is a new boys' organization in Palm Springs, and boys between the ages of 9 and 11 inclusive are eligible for membership. At the age of 12, the boys are then eligible to join the Boy Scouts.

Nine boys turned out at the meeting last Friday evening at the Scout Hut and a total of 23 boys have signified their intention to join the new troop. Tentative plans for the year made last Friday evening included the plan for a hike every other week-end and plans for craft work. The Cub Scouts will meet every Thursday evening at the Boy Scout Hut from 7:00 to 8:00 o'clock.

As yet the Junior Chamber of Commerce has not found a leader for this new group. The same executive committee that is responsible for the Boy Scouts will also look after the Cub Scouts; and Ralph Hall, the Scoutmaster, will be the leader for the new group. However, the active leader of the younger boys will be the assistant Scoutmaster, and a man to fill this position has not been found as yet. Scoutmaster Hall will find his time pretty well taken up by the older boys, but he will take time to supervise the craftwork of the Cub Scouts.

Stephen Willard Reopens Interesting Photo Studio

Stephen Willard, pioneer Palm Springs photographer, reopened his interesting studio, north of the Plaza, on November 1st, and he is again assisted by Mrs. Willard, who has charge of the sales room.

Mr. and Mrs. Willard spent the summer in Mexico, where Mr. Willard took many interesting pictures. They report that conditions in Mexico are deplorable. The Mexican government, having done its utmost to confiscate property of foreigners and to discourage foreign capital in Mexico, has deprived work from thousands of people who worked in the foreign owned mills, which have shut down.

ABSENCE HURTS

It was one of the boys at the hobo-convention who remarked that money didn't bother him—it was the lack of it that hurt.—EX.

Ernest Hinkley Returns to Village

Ernest Hinkley, who, with his brother Claire, established Hinkley's Flower Shop in Palm Springs seven years ago, returned here yesterday to be again associated with his brother in Hinkley's Flower Shop opposite the Nevada-California Power Co. office on Andreas road. He is accompanied here by his wife.

Mr. and Mrs. Hinkley were married several years ago and soon after he became associated with Podesta & Baldocchi, of San Francisco, who have the largest flower shop west of the Mississippi river.

Claire Hinkley, who has been operating the flower shop since Ernest left here, was married this summer.

Jack Moore To Open New Cocktail Lounge

Jack Moore, owner of the Royal Palms Coffee Shop, has leased the room formerly occupied by I. Friend cleaning establishment, just north of Mr. Moore's Royal Palms Coffee Shop, and will open a cocktail lounge there on Thanksgiving Day.

Mr. Moore still contends that he will show local fishermen where they can catch nice, big, live trout right here on the desert. He declares he will announce complete details in next week's issue of The Desert Sun.

Mr. and Mrs. George W. Heigho arrived Tuesday, from Detroit, to occupy their palatial home in the northeastern part of town. Mr. Heigho is the head of the largest lithographing company in Michigan.

QUAIL WILL BE LEGAL GAME ON NOVEMBER 15

Local sportsmen are encouraged by reports that the "quail crop" is more abundant than it has been in seven years. Accordingly the hopeful will sally forth with gun in hand on the opening day, November 15, with visions of fried quail for dinner.

AN IMPROVEMENT

State College scientist tells of glass far stronger than steel. When automobiles are made of that you can tell if the motor or anything else is missing.—Philadelphia Bulletin.

ADVERTISE in The Desert Sun for BEST RESULTS.

Numerologist and Palmist Locates At Goff Hotel

Mrs. Florence Peake, of Lehigh University, Pennsylvania, arrived here this week to open a studio at the Goff Hotel. Mrs. Peake is a numerologist and palmist, using Cheiro's analysis of palmistry.

She has been engaged in many famous hotels, usually located near army posts, because of her son, Lieutenant George W. Peake, who was stationed at Fort Riley. Lieutenant Peake, a West Point graduate, died last spring at the age of 32 years. At that time Mrs. Peake was stationed at Fort Warren, near Cheyenne.

Mrs. Peake practiced her profession at the Moana Hotel in Honolulu, Manila Hotel, Manila, P. I., the Astor in Tientsin, China, the Biltmore in Oklahoma City, St. Anthony in San Antonio, Plaza Royal Night Club in Kansas City, and others.

She was the only woman who was permitted to go into the subterranean passages under the walled city of Manila, which were built more than 500 years ago and which led to every Monastery in Manila.

Filipino Robbed By Hold-Up Pair

Leon Sanchez, Filipino employee at a home in the Araby Tract, on Sunday night was robbed of \$29, he reported to police.

He told Chief of Police Lloyd Bolter that he was riding his bicycle home after watching the tennis exhibition matches at the Del Tahquitz when a car stopped alongside him about a half mile south of Smoke Tree Ranch.

In the front seat was a man and in the back seat a woman. Both were young. They called to ask Sanchez directions to a certain home. He went over to the car and as he stood beside the front door the man stuck a gun at his face. The woman opened the back door and went through his pockets, relieving him of his money. Then the pair drove off in the direction of Palm Springs, he said.

He was unable to furnish an adequate description of the hold-up pair.

WELL-KNOWN MEXICAN BARTENDER LOCATES IN PALM SPRINGS

One of the best-known bartenders in Mexico came to Palm Springs this week to become head bartender at Claridge's Grill. He is Enrique Martinez, who was head bartender at Agua Caliente for many years. Martinez is a member of an old Mexican family, and has long been associated with a class of people who know good liquor and know how to drink it.

Mrs. M. E. Arnett, wife of the controller for Bullock's was a visitor here for several days of last week. She was a dinner guest, during her stay, of Mr. and Mrs. Robert Lerch.

ONLY 73 DEER KILLED IN THE SAN JACINTO MOUNTAINS

In contrast with previous year, when annually several hundred bucks were killed in the San Jacinto mountains, the kill this season amounted to 73. The season lasted 30 days. Warm weather in the early part of the season caused deer to "hide out."

Throughout the San Bernardino national forest area, 186 deer were taken, of which 81 were from the Cajon district, 17 from Big Bear, 11 from Arrowhead and four from Mill Creek areas.

The average cost of the venison was \$1 per pound, based on the expenditures for guns, ammunition, food, gasoline and other items.

Of the deer bagged, 56 per cent of the antler class were two pointers, 17 per cent were four pointers and 11 per cent, five pointers.

Of the total catch, 118 were bagged during the first half of the season, Jones declared.

Pay telephone bills before the 25th and receive discount. tf

The PILGRIMS had TURKEY Too

That's why you'll have turkey on Thanksgiving day. But did you ever stop to think what you have to be thankful for that the Pilgrims didn't have? True, they had turkey. But they had to cook it with the crudest of implements and utensils, eat it in the most meager of surroundings. They had no electricity.

Thanksgiving morning you may step into a kitchen to cook a turkey, set a heat control, turn a switch, set a time clock and forget that turkey while you prepare the rest of the dinner. No turning of a spit, no bringing of wood to feed the fire. Electricity has made cooking so easy it's fun.

You'll serve your dinner in a beautifully decorated dining room flooded with clear, soft light. If a fire burns in the fireplace it will be there only for looks, not for light or heat. Electricity has made this change. Every day of your life you should be thankful for this everyday magician in your home.

Don't forget to include the electricity in your home in your list of blessings.

The Nevada-California
Electric Corporation

Desert Forum Program Is Announced at Cocktail Party

More than a hundred villagers and guests gathered at the Racquet Club Tuesday afternoon from 4 to 6 for cocktails, as guests of the Desert Forum. Mrs. Henry S. Reid, the president, told the group about the aims of the organization, to supply some of the cultural and educational needs of the community. She introduced Mrs. Frank Bennett, program chairman, who told about the programs for the year.

Mrs. Bennett said there would be one program a month for the balance of the season, and that season tickets are now on sale at \$5.50. She said the programs are aimed to please the men as well as the women and then gave the following description:

December 1, Romola Nijinsky. Her subject will be: "Three Schools of the Dance" (including the modern).

She is the wife of Naslav Nijinsky, the famous Russian dancer who was trained in the Russian Imperial Ballet School in St. Petersburg. He later joined Diaghilev's Ballet Russe. His career was cut short by a mental breakdown. Four biographies have been written about him. Two by his wife, Romola Nijinsky.

Romola Nijinsky is a fascinating personality, and is one of the best informed authorities on the dance in the world today. In view of the fact that the west coast has, for the past few years, presented so many of the world's finest ballets, it was thought fitting to hear from so eminent an authority, something of the differences and histories of the three schools of the dance. The Ballet Russe and Truby Schoop's Ballet will both be presented in Los Angeles this winter.

January 5, H. C. Bainbridge. His subject will be: "The Romantic Adventures of an Imperial Jeweler."

Mr. Bainbridge is a modest, unassuming man, whose life has been a series of exciting adventures in the courts of Europe. As the ambassador of the famous Carl Faberge, jeweler to the crowned heads and celebrities of the world, Bainbridge came in unique contact with kings, queens, grand dukes and duchesses, and famous people from all parts of the world. Early this year Mr. Bainbridge made a command visit to the Dowager Queen Mary of England to discuss her Faberge collection.

Mr. Bainbridge's lecture is illustrated by a rare exhibition of Faberge creations and other jewels.

Dutton, in his book, "Twice Seven," says of Mr. Bainbridge: "He knew and met all the kings and all the queens... all the multi-millionaires, all the mandarines and all the maharajahs, all the dukes and all the

marquises, all the earls, viscounts, barons and baronets."

On February 9, Sir Norman Angell speaks on "Can Democracy Be Intelligent?"

Sir Angell, who is famous enough to be written up in the Columbia Encyclopedia, is best known for the book which brought him fame as one of the world's foremost pacifists: "The Great Illusion." Its thesis was the futility of war because of the common economic interests of the countries involved. Other of his works: "The Money Game" (placing him as one of the greatest international economists); "The Unseen Assassin," and "From Chaos to Control" (plea for the economic control of the masses).

Sir Angell received, in 1934, the Nobel Peace Prize for 1933.

He sat for three years in England's Parliament, and for ten years in the Council of the Royal Institute of International Affairs, and was knighted by his king.

He is a great lecturer and a brilliant speaker. This is an event arranged particularly for the men of Palm Springs.

March 7, Julien Bryan will be the speaker, his subject being "Russia Reborn."

This will be another event arranged to please the men of Palm Springs. Julien Bryan, ace camera reporter for March of Time, will give an illustrated lecture on "Russia Reborn." Mr. Bryan, who succeeds in getting his camera into countries which are in transition, has had the honor of lecturing before the National Geographic Society. He is not only a resourceful, able cameraman, but a fluent speaker, able to tell a story as intriguing as the gorgeous pictures he presents.

This lecture should be of particular interest to camera enthusiasts.

April 15th (Good Friday), "An Hour With Tony Sarg."

Tony Sarg needs little introduction. His drawings are world famous; his designs for textiles, pottery, wall paper, rugs, furniture and numerous other articles are fascinating to both young and old; his books for children have been sold throughout the world, and his marionettes have been seen and enjoyed by thousands.

Mr. Sarg's hour will be quartered as follows: Part 1, An amusing account of his unusual experiences in launching his career as an artist and showman; part 2, A series of short marionette skits and playettes; part 3, Lightning sketches and caricatures. Mr. Sarg draws subjects from his audience, and the sketches become the property of the auspices; part 4, The Cough Medicine, a short sketch acted by Tony Sarg.

Senator Borah, the Lion of Idaho, has just been elected for a six-year term, while Hoover and Landon have not.—Montgomery Advertiser.

ROGERS' STABLE CANTINA HAS LARGE OPENING

Among the prominent guests at the opening of Rogers' Stable Cantina on Saturday night were Mr. and Mrs. Louie Wulfekuhler of the Lockheed Aircraft Company, John Brandeis, Marjorie Gordon, Mrs. H. Carnegie of Hattie Carnegie Company, Chuck Morrison, Mr. and Mrs. Pat Patterson, Mr. and Mrs. Frank Morgan, Miss Reine Davies and many other well known villagers and visitors.

Announcing the opening of the Cantina, a parade consisting of coaches, pony carts and a burro-drawn prairie schooner paraded down Palm Canyon Drive Saturday afternoon. The opening was a huge success and the cantina was filled to capacity the entire evening. Travis Rogers sang, the guests sang, and Arkansas Buster and his pal, Joe Slivers, played all the cowboy songs of their repertoire.

GUESTS AT ESTRELLA VILLAS

Recent guests at Estrella Villas include: Mr. and Mrs. Robert Howe, Chicago; Mr. and Mrs. M. H. Wessell, Santa Monica; Robert Eldridge, Los Angeles; Mr. and Mrs. E. Hawkins, Redondo Beach; Arthur Darmstater, Los Angeles; Mr. and Mrs. H. E. Miller, Santa Barbara, and Dr. and Mrs. L. Campbell, Los Angeles.

Mr. and Mrs. Arthur Armstrong of Los Angeles were week-end guests.

Director Hunns Schwartz and wife, after a year and a half spent in Europe making pictures, have expressed the very great pleasure to be back in Palm Springs.

Mr. and Mrs. William (Bill) Boyd (Grace Bradley), arrived the first of the week to gather in some of the desert sunshine.

At the Palm Springs Theatre

JOAN CRAWFORD SCORES OUTSTANDING
HIT IN "THE BRIDE WORE RED"

JOAN CRAWFORD, FRANCHOT TONE, ROBERT YOUNG

Once again the screen improves on an outstanding stage hit. "The Bride Wore Red," which is playing at the Palm Springs Theatre today (Friday) and Saturday, was Ferenc Molnar's "The Girl From Trieste."

Remembered, of course, as a rich human experience depicted on the stage, the story has gained in celluloid. Joan Crawford unquestionably was a happy choice for the starring role and she has two excellent leading men in Franchot Tone and Robert Young.

The Cinderella story of a poor beautiful girl who acquired luxury for a fleeting time and then became rich in love, has been directed with the delicate feminine influence of Dorothy Arzner, Hollywood's only woman director. The company went up to the High Sierras for scenes to duplicate those of the Austrian Tyrol in Molnar's original.

Others in the cast include Lynne Carver, Reginald Owen, Billie Burke, George Zucco and Dickie Moore.

JOHN BARRYMORE IN NEW PICTURE

John Barrymore's classic nose takes on impressive if not colossal proportions for his role of Colonel Nielson, the suave get-your-man police inspector from Scotland Yard, in the fast-paced new rhyme-riddled comedy-mystery film, "Bulldog Drummond Comes Back," which plays Tuesday only, Nov. 14-15, at the Palm Springs Theatre.

The unusual proboscis is only one of the many disguises which Barrymore uses to camouflage his quiet but satisfying pursuit of the sinister criminal in this screen version of the "Sapper" McNeille detective novel originally entitled "The Female of the Species." Incidentally that nose does much to enhance Barrymore's claim to an eerie puckishness, a claim which his fans have cherished these many years.

"Bulldog Drummond Comes Back" is Paramount's second dramatization of one of the McNeille stories featuring the famous swashbuckling detective. It strikes a new high in mystery escapades.

John Howard plays the role of Captain Drummond. His extraordinary sleuthing powers, in this particular case, are stimulated by the fear of losing his fiancée, lovely Louise Campbell, kidnaped at the outset by a dangerous lady, out to revenge herself upon Captain Drummond for his success in bringing her crook lover to the gallows. To prove that her villainy is not without imagination, the lady sets clues for the chase in the form of rhymed riddles.

THE PERFECT SPECIMEN

A rip-roaring comedy that will take

a high place among the season's comedies comes to the Palm Springs screen for a two-day run Wednesday, Nov. 17. Errol Flynn, Joan Blondell, Hugh Herbert and Edward Everett Horton, aided by Dick Foran, May Robson and Allen Jenkins, provide the perfect cast for this extravagantly comical and headlong action picture. The story presents the case of one Gerald Beresford Wicks (Errol Flynn) heir to forty million dollars and brought to manhood by a grandmother intent upon preparing for a business future in which he will excel each of his 10,000 employees in everything from horticulture to fisticuffs. Into his cloistered studies barges Mona Carter (Joan Blondell), a nice girl who likes to go places and do things, to taunt him with talk of tilting at windmills and lure him, ultimately, into the wide open world where he proceeds to tilt at them with forty million dollars worth of gusto. There are police chases, prize ring and impromptu battles, with gloves and without before it all winds up satisfactorily and hilariously for all concerned.

"DOUBLE WEDDING" STARS LOY AND POWELL

Mr. and Mrs. Thin Man are back again in another uproarious comedy hit. This time the famous William Powell-Myrna Loy co-starring team makes its appearance in "Double Wedding," an adaptation of the Ferenc Molnar continental stage success, "Great Love." The new picture will be shown Friday and Saturday, Nov. 19-20, at the Palm Springs Theatre.

With Powell cast as a penniless but devil-may-care artist who lives in a trailer, and Miss Loy as the owner of a fashionable New York gown shop the laugh-padded new story describes the efforts of the heroine to prevent her younger sister from marrying Powell instead of the man she herself has picked out for her. As may be suspected, in the end Miss Loy falls for the irresistible Mr. Powell himself.

An outstanding group of players support the stars in the amusing cross-tangle of romantic strings. Florence Rice plays the younger sister and John Beal the man Miss Loy has chosen as her potential husband. Others in important roles include Jessie Ralph, Edgar Kennedy, Sidney Toler, Mary Gordon, Barnett Parker, Katharine Alexander and Priscilla Lawson. The production was directed by Richard Thorpe, who last filmed "Night Must Fall."

Now that the world's most powerful bomber has been built, the ranking military brains will complete the vicious cycle by rigging up the most powerful anti-aircraft gun to bring it down.—Ex.

Many Socialites At El Mirador

El Mirador season opened with a guest list of many prominent moving picture people and socialites, including Mr. and Mrs. Ted Bunch, who were married on Friday and are spending the next ten days of their honeymoon at El Mirador. Mrs. Bunch is the former Jane Woodin and is a sister of Mrs. Philip Lorden, who was married last year and who also spent her honeymoon at El Mirador. The two girls were famous in the past for their activities in showing hunters with their famous sportsman father, Guy Woodin.

Other honeymooners at El Mirador were Dr. and Mrs. Frank Nolan who toured the entire Southland before they found a spot where it was not raining and finally landed at El Mirador Hotel.

Other Angelinos of the social register included Mr. and Mrs. Louie Wulfekuhler of the Lockheed Aircraft Company. With them were John Brandeis, well known Los Angeles polo player and Miss Marjorie Gordon. Mr. and Mrs. Harold English and their son, Robson, stopped here on their return from the South where they visited with Mr. English's family in Virginia. They spent the week-end as guests of the Warren Pinney's.

Stopping for a short while on their tour of the West are the two lovely San Francisco socialites, Misses Lois Garbarino and Goldie Pilcher.

Eastern guests at El Mirador include Mr. and Mrs. H. R. Dingwall, who spent the entire season at this hotel last year. They have been coming to Palm Springs the last eight years and arrived the day of the opening and will spend the entire season. Also Mrs. H. Carnegie, a sister-in-law of the famous Hettie Carnegie, and whose husband is one of the exec-

At the PLAZA

GINGER DANCES WITHOUT ASTIRE IN "STAGE DOOR"

The name of Ginger Rogers is synonymous with dancing. Separated temporarily from her equally famed partner, Fred Astaire, the RKO Radio star nevertheless does a sparkling routine in "Stage Door," cinema version of the Pulitzer Prize play.

Although the play, which numbers Katharine Hepburn and Adolphe Menjou as her co-stars, is said to be a dramatic triumph, those lighter and delightful moments of the dance are given full sway when Miss Rogers sings and dances to "Put Your Heart Into Your Feet and Dance," a number composed by Hal Borne and Mort Greene.

Borne's composition was purely inspirational. He is personal accompanist to the dancer and a member of every orchestra that plays for the Astaire-Rogers team.

utives of that concern. With Mrs. Carnegie is Miss H. Cole of Los Angeles.

Visiting Mr. and Mrs. Harry Green of Portland, who are among the full season guests at El Mirador, were Mr. and Mrs. Clarke E. Dye, also of Portland.

Members of the movie colony included Mr. and Mrs. A. Litvak (Miriam Hopkins), and Mr. and Mrs. Phil Berg (Lella Hymans) and Miss Reine Davis, famous columnist and sister of Marion Davies.

BUICK SPECIAL 4-door sport sedan—\$1266 delivered at Palm Springs. Fenderwells, white sidewall tires and special accessories extra.

Meaning—the Most Modern Automobile in the World
is the new 1938 Buick—with DYNAFLASH ENGINE
and TORQUE-FREE SPRINGING

IF YOU'VE put a sparkling 1938 Buick through its thrilling paces—

And tried to say in words what this stand-out car's got—

And found to your surprise you couldn't begin to do it justice—

Listen, don't think you're the only one!

"It's gotta lotta ummph!" say trier-outers vainly trying to express all the marvelous things they've felt.

"Ummph!" meaning zip—flash—power. "Ummph!" meaning all you ever expected to find in a car—and a great deal else in addition!

Fact is—demonstration, not conversation, is the thing to describe this new Buick.

To say it's quick—nimble—agile is to do only fractional justice to its DYNAFLASH engine and what it does every time you touch off its thrifty power.

To call its TORQUE-FREE SPRINGING ride velvety is only to picture its ride. Use the words jarless, level, floating, serene—and you come a little closer.

But still you neglect the direct-ability this car gets from its new rear springing, the reduced risk of skidding, the simpler maintenance, and longer rear tire wear that go with it.

No, you can't cram a new Buick into words—only its action can tell its story.

And wherever there's a Buick dealer there's a chance to try this great car out—now, today!

★ ★ ★ ★

MATCH THESE VALUES!

Complete with DYNAFLASH engine and TORQUE-FREE SPRINGING, these models deliver at Palm Springs at these prices: Buick SPECIAL business coupe, \$1164; Buick SPECIAL 4-door touring sedan, \$1266; CENTURY 4-door touring sedan, \$1498; ROADMASTER 4-door touring sedan, \$1952; LIMITED 8-passenger sedan, \$2549. Sales tax and license extra.

A SAFETY CUSHION ON EACH WHEEL!

Buick replaces the usual type spring with this special spring of stout coiled steel and big direct-acting Torque Tube shock absorbers. Rigidity aligned by the Torque Tube, rear axle and wheels cannot twist or distort, cannot affect steering, greatly reducing danger from skids. No shackles, no grease points, no chatter, no premature rear tire wear.

"Better buy Buick!"

Palm Springs House Wins Important National Award

Word was just received by Richard J. Neutra, internationally famous Los Angeles architect, that the house he designed for Mrs. Grace Lewis Miller was awarded first prize in the competition conducted by House Beautiful magazine. Since this competition is conducted annually and is open to all architects in the United States, the award brings fine distinction to Palm Springs.

News of the award will be featured not only in House Beautiful, but also in Hearst newspapers throughout the country. Models of this Palm Springs house and other competition-winners will be shown in a traveling exhibition.

In this Palm Springs studio-home of ultra-modern design, one can see a perfect example of what is called the "international style." This style is characterized by its complete "functionalism." Wide interest in such design is shown by the fact that this house was featured in the magazine Architectural Forum, in Architectural Record, and in magazines published in England and in Japan.

Although the architect, Mr. Neutra, refers to Mrs. Miller's home as Mensendieck House, since it is used by the owner to carry on her work as instructor of the Mensendieck System of Functional Exercises, it is also true that this house is designed and perfectly adapted for its situation in the desert. It is on North Indian avenue, south of the Racquet Club.

\$100.00 For Hole-in-One

Starting tomorrow, the people of Palm Springs will have the opportunity of winning \$100 for making a hole-in-one. Mr. F. E. Barrett, owner of the Indian Avenue Golf Practice Fairway, announced sometime back that in the near future the green would be in shape at the 125 yard hole he had prepared for the purpose and that he would then be prepared to pay anyone \$100 who made this hole in one shot. This \$100 prize for making a hole-in-one will be effective starting tomorrow.

Barrett has his Indian Avenue Golf Practice Fairway in fine shape now. The grass on the green is doing well and the fairway has been well graded and cleared of weeds. The lights are also in for night playing.

Barrett reports that he has had considerable play at the Practice Fairway this week. Ruby Keeler called and practiced for a while Thursday. Also William Boyd and Grace Bradley came in together to drive a few balls one day this week.

A desert view of a smoke tree, outlined against the mountainsides near Palm Springs, is featured as the cover page of the November issue of National Motorist, magazine of the National Automobile Club. In the listing of contents it is referred to as "Picturesque Smoke Tree near Palm Springs, Courtesy The Desert Inn, Palm Springs."

On The Golf Course

The first event of the golf season will be held at the Desert Golf Course this week-end when the "Fifty-Fifty" club of Southern California will hold their annual golf tournament in the nature of a team match and possibly as Blind Handicap. Expected are 35 to 50 couples.

The course is tuning up to its perfect condition for the winter season. The fairways have improved to where it might be the policy of the club to play summer golf, according to Mr. Kline. The greens have all been disced and seeded and putting is fairly true at this time of the year. One week from today the practice green will be open. Many old timers are waiting for the opening of the putting green and also the arrival of T. O. O'Donnell in order to get some of those dimes back. This was one of the most popular sports for the golfers every afternoon.

Among those playing daily: Paulette Goddard, Harry Cohn, Bert Wheeler and Mrs. Ray Haller; Jack Benny, Les Stoeffen, Humphrey Bogart, and Mrs. Betty Davis; Billie Burns, Pete Smith, H. K. Dent, Seattle, Dr. W. W. Earles, Seattle. D. A. Epstein, Mr. and Mrs. R. E. Burns, Lynn, Dennison, W. F. Graham, Mr. and Mrs. C. F. Emerson, Judge Clock, Fr. Lehane and Milton Hicks.

One good match yesterday was Dr. W. W. Earles and Geo. Howard and club pro., who defeated H. K. Dent and Chase Garfield by a score of 3 and 2. Another match will be held next week. Father Lehane gave Milton Hicks his first lesson today when he trimmed him both nines.

Receives Letter From Honduran Youth

Young Gordon Nicholson, son of Mr. and Mrs. Gordon Nicholson who operate Nicholson's store, has made a friend in distant British Honduras. His teacher, Miss Era A. Franklin, of the Palm Springs school faculty, while visiting at Belize, British Honduras, this summer, met one young Gordon McLennon, and gave him the name and address of Gordon Nicholson for a correspondent. This week the young Palm Springs Gordon received an interesting letter from the Honduras Gordon. Following is an excerpt:

"You surely gave me a good description of your country, so I must now make an effort to try and describe my country to you.

"Belize is not very big, but it's a very nice place to live in, as the climate is so good. Right now the weather is quite cool at nights.

"Belize is known for its coconuts, mahogany, grapefruit, bananas, cashew nuts, chicle, and crawfish. British Honduras has held the medal for the past few years for grapefruit.

"We have some big buildings down here to such as the court house, the post office, and a few others and two big stores; my Dad's which is called 'John Harley and Co.' and a rival store, 'James Brodie & Co.'

"There is only one theatre and pictures are only shown at night. We have a change of picture on Mondays and Wednesdays. Our latest shows are the 'Bride Walks Out,' 'A Midnight's Summer Dream,' and 'The Dark Angel.'

"Although there is so much sea around us there is no place to swim which is a great pity.

"The fishing is excellent, and I

County C. of C. Meets Here Dec. 7

The next monthly meeting of the Riverside County Chamber of Commerce will be held on December 7, at the Desert Inn. Dr. Frederick Woelner of the University of California, Los Angeles, has been invited to be the speaker.

The annual Palm Springs meeting of the County Chamber draws the largest crowd of the county organization each year, and it is expected that more than 200 will again attend the session here.

have spent many enjoyable hours fishing.

"Now I'm going to tell you something of my everyday life. I go to the St. George's College, and I am in the Junior class. I learn Latin, algebra, arithmetic, Spanish, geometry, etc. In the afternoons I either play football or go shooting.

"Belize was hit by an awful hurricane in 1931. It was a terrible experience and one I shall never forget. Nearly every house was destroyed and hundreds of people were killed. You are troubled by earthquakes aren't you? Occasionally we have a slight shock, but nothing to speak of.

"Before I close I am going to give you a description of myself so you'll have some idea about the kind of person you are writing to. I am 13 years old, have red hair, brown eyes and lots of freckles.

"My favorite hobbies are painting, stamp collecting and reading. My favorite sports are swimming, football and fishing."

"Your sincere pal,
"GEORGE McLENNAN.

"P. S. Do you know Bob Vannoy? How old are you?"

Bryant Home Overlooking the Village

Of the many new homes constructed in the Palm Springs Village Tract this season the one just finished by Contractor Chas. Dutro for Mrs. Louise C. Bryant of Beverly Hills and occupied by herself and son is attracting wide attention on account of the unusual features that will make desert living more enjoyable. The residence is of tile construction with an attractive simplicity of design. All rooms have cross ventilation and a patio that can be used for a morning breakfast room as well as an outdoor living room. Electric heating and cooking equipment completes the charming home.

First Breakfast Ride of Season

Seventy-two happy people sat around the breakfast table in Smoke Tree Forest early Wednesday morning, listening to cowboy music, laughing, and talking; the occasion being the "Desert Riders' first breakfast ride of the season."

Only 35 people had been expected, but the food and entertainment committee did a fine job in seeing to it

that everyone of the 72 assembled members and guests had enough to eat.

The air was brisk early Wednesday morning, and those who chose to ride on the tally-ho with Mark Cantrell in place of taking a horse felt the chill of the early morning air before reaching Smoke Tree Forest. However, once at their destination, the brisk

air only sufficed to give the Desert Riders "out-door" appetites.

Credit should be given to Frank and Melba Bennett and to Jean Fulford, for the way they pitched in and helped with the dishes. They showed themselves to be real sports.

As yet the Desert Riders have not decided where they will go on their next breakfast ride.

They Were Geese

"These were geese that flew over Palm Springs last week, regardless of what you think," said R. J. Parker to a Desert Sun reporter this week. "I know cranes when I see them, and they were not cranes. These birds were brant geese, which fly in a somewhat irregular formation. They were on the way to Salton Sea, where they will spend the winter. Judging from the large number that flew over, goose hunting should be exceptionally good at Salton Sea."

This newspaper stated last week that the birds probably were sand-hill cranes.

Mr. Parker closely observed the birds, and stated large flocks flew over on three days last week. On Monday, 20 flocks were seen over Palm Springs, and it is estimated there were probably 5,000 brant (we almost said cranes.)

store has recently been made the authorized exclusive dealer here for General Electric home appliances.

Waskow has made a thorough study of the furniture requirements of the desert, and he knows how to furnish the desert home correctly. He knows the strain that this dry climate puts on furniture and what kinds of furniture will hold up best under these conditions.

Dr. Buerger Host To Discussion Group

Dr. Franz B. Buerger, popular local dentist, Tuesday night entertained a small group of teachers at an informal discussion of Children's dental problems.

Subjects discussed by Dr. Buerger before the group were management of the child patient, mouth health and cleanliness, Child psychology as regards medical and dental treatment, the six-year-old molar and its importance, mouth diseases with special reference to Trench Mouth, and the need for frequent medical and dental examinations.

Attending the discussion were Miss Dana of the Desert Inn School, and Miss Higgins and Miss Thomas of La Cluse.

Other such discussion group were suggested for the near future, and

Lions Club Notes

The Lions Club had an interesting session yesterday noon. Two lovely young brunettes, Miss Lundeen and Miss Thomas, entertained with several vocal and piano selections, and a gentleman from the office of the Palm Springs Builders' Supply Co., and formerly a professional musician, put pep into the meeting with a number of stirring piano numbers. The reporter failed to get his name, but whatever it is, he is a real piano player who knows how to add zest to club singing.

Lloyd Simon touched a responsive chord yesterday (Armistice Day) when he asked the members to stand in silence for 10 seconds in respect to the departed buddies who lost their lives during the World War and the others who have suffered as result of the war.

He also asked the members to donate to the Lions Club fund to purchase canes for the blind. Although there are no blind people here, he said, other Lions clubs in the district can use the money for this worthy purpose.

Ralph Nesmith has been a "thorn in the side" of the poor tail twister, Ludie Britsch. Ralph has been the victim of many fines, so he decided he would make it a little more difficult for the tail twister to collect the fines. He nailed blocks of wood together with dimes and quarters between, and so thoroughly clinched the nails that it was next to impossible to pry the blocks apart. Last week he paid his fines with such blocks,

and poor Ludie worked long and perspired freely trying to pry the blocks apart in order to get at the money. However, yesterday President Joe Schobe and Ludie Britsch were prepared for the luckless Ralph, and they demanded that all fines be paid in cash, free, clear, and unencumbered, and induced the club to vote a resolution to that effect. When Ralph had just about come to the conclusion he would have to take his blocks home with him, he discovered that someone had pilfered the whole lot while he had been in rapt attention listening to Joe Schobe's admonitions. Francis Crocker graciously donated to the club a pile of blocks, containing money, which remarkably resembled Ralph's money blocks.

John Munholland doesn't like the inference when Lions address each other as Lion Joe, or Lion John, because it sounds to much like "lyin'." He thought the president should be addressed as President Joe.

Dr. John Robertson Macartney reported that he had attended a joint meeting of service clubs in Jackson, Minnesota, this summer, when every member was asked for a 10-cent donation. Recently he received an \$8.00 check from the Lions Club of Jackson, with the announcement that he had won the pot. When the tail twister attempted to collect the \$8.00 from Dr. Macartney, he was informed that the money had been deposited in the church treasury.

The Lions Club hopes to have a dinner dance at El Mirador in the near future.

Boyd Opens Office In Ray Wilson Bldg.

Florian G. Boyd, well known local accountant, has transferred his headquarters to the Ray Wilson building on north Palm Canyon Drive. Boyd formerly had an office in the Pacific Building tower.

Mr. and Mrs. Lester Jumper, their daughter, Celeste and Mrs. Ruth Foster, all of Los Angeles, were in town Sunday. Mr. Jumper, formerly in the furniture business in Palm Springs, is now connected with the Los Angeles Furniture Company.

Gymkhana Sunday

A Gymkhana, the first event of the year at the Palm Springs Field Club outside of the football games, will be held Sunday afternoon starting at 2:00 o'clock.

Travis Rogers announced at the Desert Riders' breakfast ride Wednesday morning that anyone mounted on a horse Sunday afternoon will be let through the gates into the Field Club without charge. Those coming in cars, on motorcycles, on foot, or otherwise will be obliged to pay 55c to enter the grand stand or \$1.10 for box seats.

Among the interesting events scheduled are the following: 1-8 mile stock horse race, potato race, bed-roll race, stock horse class, boot race, and best Western horse. In the contest for the best Western horse the horse will count 50 per cent, the equipment 25 per cent, and horsemanship 25 per cent. A children's musical chairs contest is planned if enough mounted children are found. There will also be a grand entry parade.

A good crowd is expected at this first event of the new season.

Plenty of Opportunities For Man Willing To Work Hard

In spite of what some people would have us believe, there are still plenty of opportunities in the United States for the man or woman who really is willing to work, and work hard. Edward Waskow, well known local furniture man, has proven that.

Edward Waskow came to Palm Springs four years ago from Florida, broken in health, and started in business here on a very small scale. He and Mrs. Waskow have worked hard, and in that short space of four years he has completely regained his health and built up a modern furniture establishment that is a real asset to this town.

The Desert Furniture Company, Inc., that Waskow is the manager of, is a new and modern store housed in a fine new building on North Palm Canyon Drive. The store has a large and complete stock and features "Los Angeles prices in Palm Springs." His

HOT stuff

Hades, they tell us, is hot . . .

so is

Arizona Red Heart Mesquite

A fine wood for the desert. Very clean. Is much heavier than local mesquite and burns almost twice as long. A large assortment of sizes.

A Complete Fuel Service

Fuel of every kind . . . for every purpose. A large range, both in quality and price. Don't go out of town for your fuel! We have what you need at the price you want to pay.

Delivery

The wood in each load delivered is selected to meet that person's particular fuel requirements; and the price quoted on any wood includes delivery to your home or place of business and stacking in a convenient location in your yard.

Miss Jerry Leavitt Marries James Harrison

Miss Jerry Leavitt, lovely young brunette who was the telephone operator at the Desert Inn for three years, was married to James Harrison, Tuesday evening at Yuma.

The lucky bridegroom is the auditor at the Desert Inn and is employed by the auditing firm of Horwath & Horwath. He has been here for about a year.

Last evening a group of friends of the young couple honored them with a dinner party at the Desert Inn. They were Mr. and Mrs. Sam Mullen, Mr. and Mrs. Cecil Isenagie, Misses Nilah Livesay, Irene Weir, Dorothy From, Elizabeth Maxwell, and Genevieve Ranger, and Mr. A. D. McKenzie, punier partner and Pacific Coast manager of Horwath & Horwath.

After the dinner the guests went to the apartment of Mr. and Mrs. Harrison, above the Palm Springs Grocery, where they held a housewarming.

Mrs. Charles Bosworth Entertains At Desert Inn

Mrs. Charles N. Bosworth entertained at the Desert Inn yesterday afternoon for Mrs. Clark B. Whittier, wife of a prominent Stanford professor.

The card room was beautifully decorated with autumn leaves and flowers for the occasion, and the exquisite Desert Inn buffet silver service was used.

Mrs. Bosworth's guests were: Mesdames Whittier, Frank Alcott, Gordon Nicholson, John Munholland, J. W. Williams, Humphrey Birge, Alvah Hicks, Jack Williams, Carl S. Lykken, Frank Shannon, Lauritz Hansen, Harriet Cody, Robert McCartney, Merritt Williams, Jack C. Hill, Charles Henderson, B. B. Weatherall, Ted Griffith, Nellie N. Coffman, Vera G. Abbott.

Community Circle Sews For Friendly Aid

The Community Circle met Tuesday at the Community church with 18 ladies present. They spent the afternoon sewing garments which will be turned over to the Friendly Aid Committee of the Chamber of Commerce.

The Circle also maintains the nursery for children during the Sunday morning services. Any young mothers who wish to leave their children in the nursery during the morning services, are requested to phone Mrs. John W. Williams, 3113, or Mrs. Gordon Nicholson.

Prominent Couple Honeymoon Here

After an elopement to Las Vegas, Jacqueline Allen, former motion-picture actress, and her husband, Douglas Richard Ornstein, scion of a wealthy eastern family, honeymooned here recently.

The couple met in Honolulu last winter and continued their romance after they returned to the mainland. Ornstein's father, now deceased, was an executive of the Victor Talking Machine Company of Camden, N. J. The family resided in Philadelphia and were prominent in society there. Mrs. Elsie Ornstein, the widow, lives in Los Angeles.

Mrs. Harriet Severance, secretary at the Field Club last season, has returned to her position here, ready for a busy season.

Miss Dorothy Yates of Los Angeles was a weekend guest of Mr. and Mrs. Archie O. Palmer.

Bullock's Demonstration Home in Little Tuscany

This beautiful home just completed in Little Tuscany No. 1, and owned by A. F. Hicks, is the new Bullock's Model Home. The house was designed by Floyd Brewster, well known Palm Springs architect, and was constructed by William Marte, local contractor. It is being furnished now by Bullock's and will soon be open for inspection.

Miss Peggy Gray and Orville Henning Are Married

At a simple wedding in Yuma Monday morning, Miss Peggy Gray and Orville E. Henning exchanged wedding vows.

Monday evening the happy Palm Springs couple, together with a small group of intimate friends, were the dinner guests of Mr. and Mrs. E. A. Musson of the Roosevelt Hotel. Guests at the dinner, besides the bride and groom, were Jack McVey and Miss Margaret Meehan.

Mrs. Henning has been associated with Dr. Reid at the hospital for the past eight years. Mr. Henning was employed at Faure's Garage for a year and a half, and now he is the owner and operator of the Agua Caliente Service Station.

The happy couple will reside in Palm Springs.

Aviation Club Gives Dinner Dance

The Palm Springs Aviation Club gave a dinner dance last evening at Bil-Al's Hawaiian Village. Bill Smith and Andy Anderson, leaders of the Club, invited many guests to come dressed for fun. Prizes were awarded, airplane rides were raffled off and there were various features of entertainment.

Guests of Mr. and Mrs. Harry N. Williams, Jr., were Mr. and Mrs. Alvin Dalton, Mrs. Eunice Thompson, and Harry N. Williams, all of Los Angeles.

At the Sakarah Apartments are Mr. and Mrs. George Houseman, Hollywood; Mr. and Mrs. M. Kaiser, Los Angeles; Mr. and Mrs. G. Shapiro and party, Los Angeles; Mr. Carter Judah, San Francisco, member of the Peck-Judah Travel Agency; Mr. Knudson, Los Angeles, and Mr. and Mrs. Max Leo and family of Los Angeles, who were showing Palm Springs and vicinity to Mr. Leo's brother, Dr. S. Leo of New York City.

New Plaque at Fire Station

Bronze plaque that was set in place last Saturday afternoon in the face of the front wall of the new fire station. Two copies of The Desert Sun were placed behind this plaque which will be unveiled on Nov. 26, at the time the new fire truck is christened.

Mounted Troop Is Planned by Legionnaires

Palm Springs Legionnaires are planning to have a mounted troop.

Many members of the local post have their own horses and are now expert riders, but Les Moore and Joe Omlin, former army cavalrymen, will teach their comrades the various formations and the various tricks of drilling.

Last Monday evening the local Post held its regular bi-monthly meeting at The Three Musketeers night club. They were accompanied by their ladies and a number of Banning Legionnaires were guests.

Leroy Harris Weds Frances Harnden

Leroy Harris and his fiancée, Miss Frances Harnden, drove to Yuma last week, Wednesday, and were married there Thursday morning by the Presbyterian minister of Arizona's Gretna Green. They were accompanied there by the bride's sister, Miss Maida Harnden, secretary at Hotel The Oasis of Palm Springs, who witnessed the ceremony.

Mrs. Harris is a charming blonde young lady, who has resided here for the past year, being employed at the telephone office. She came here from Fargo, N. D., where she attended North Dakota State College.

Mr. Harris has been here for about the same length of time, and he is assistant manager of the Dill Lumber Company's Palm Springs branch. He comes from Dallas, Texas, and attended North Texas University.

The young couple have a home in the Santa Rosa tract.

An attractive new home is the residence of Mr. and Mrs. George Kreimer in the Chino Canyon district. It is a six-room residence with ventilated stone tile walls, and is of the California type of architecture.

Guests of Mrs. Ona Brown for the week-end were Captain and Mrs. W. W. Jervy and Captain Carroll Pearce of Honolulu and Miss Gwendolyn Fay of Beverly Hills. Mrs. Brown entertained the group at the Dunes Saturday evening.

Model Home

(Continued From Page One)

Tuscany are restricted to this type of architecture.) It has 3 bedrooms and 3 baths, and the bedrooms, livingroom, and diningroom open on a large patio that commands a wonderful view of the mountains and desert. The foundation to the house and the walls about it are built of granite.

The home was designed by Architect Brewster, and was constructed by William Marte.

A. F. Hicks conceived the idea for Little Tuscany three years ago while he and Mrs. Hicks were traveling in Europe. When in Florence, Italy, they visited Tuscany, a beautiful residential section overlooking the city, and were greatly impressed.

Realizing that he owned acreage in Palm Springs similarly located in respect to the village, in that it lies above and overlooking Palm Springs as does Tuscany overlooks Florence, he hit upon the novel plan of subdividing this land and calling it Little Tuscany. He carried out this theme further by restricting the subdivision to a type of similar to that prevalent in Tuscany proper.

The idea went over with a bang. The twenty homesites that comprise Little Tuscany No. 1 all sold last year, the first season they were offered for sale. This is the acreage that was offered free by A. F. Hicks as a site for the new High School. The roads are now being paved in Unit No. 2 and the lots in it will be placed on the market this next week. Little Tuscany No. 2 is in back of Unit No. 1 on high ground overlooking Palm Springs and the desert.

Red Heart Mesquite Is Best Wood For Palm Springs

"Few people seem to know the difference in the various kinds of firewood," said Max Ransom, proprietor of the Desert Fuel Co. "They know the

New Desert Styles At I. Magnin & Co. Are Colorful

I. Magnin and Company's smart El Mirador shop got off to a fine start last week when the hotel opened its doors for the 1937-1938 season. With its show cases, shelves, and cabinets stocked with new merchandise the shop has a snappy, colorful appearance.

The new desert fashions as featured at Magnin's are colorful and show a definite new style trend. An outstanding garment displayed at this popular establishment is an imported multi-colored plaid skirt to be worn with any of the imported English cashmeres.

As always, I. Magnin and Company seems again this season to be setting the pace as regards new desert wear.

difference between mesquite and possibly orchard wood, but they don't realize there is a tremendous difference in the different kinds of mesquite."

Then he demonstrated the difference. "For instance, here is some red-heart mesquite. It is very hard, burns twice as long as any other mesquite, makes a hot fire and leaves very little ash, which is a white, clean powder, and is much cleaner than any other wood. Red-heart mesquite weighs 3500 pounds per cord, whereas any of the local mesquite weighs only 2500 pounds per cord. Thus, you can see that the wood must be very hard."

Mr. Ransom personally selects all of his wood and each customer gets the wood that is best for his particular needs. He carries a wide variety in stock, cut in all the wanted lengths and sizes for every purpose, and quality and price to suit every pocket-book. The price includes delivery to the yard at a convenient location for the purchaser.

Olympic Diving Champ To Perform

"DUTCH" SMITH, former Olympic diving champion, who will perform at the El Mirador Swimming meet on Sunday. With him will be numerous other swimmers and divers.

To Combine Fashion Show And Swim Meet

Palm Springs is probably the world leader in the field of sport fashions. For this reason, the Tenth Annual Desert Swimming Meet at El Mirador has been combined with a sport fashion show where I. Magnin will put on their display of most unique and latest attire for both men and ladies.

Prominent picture stars will model clothes between the swimming events with such aquatic stars as Marjorie Gestring, America's fifteen-year-old queen of diving, and holder of the Olympic championship. Ruth Jump, American highboard champion of the Los Angeles Athletic Club, and Paul Wolf of the University of Southern California, world holder of the 50 meter and 330 meter medley, will participate in an amateur exhibition.

Among the professional events will be the four greatest divers of all time, led by "Dutch" Smith, the 1932 high-diving champion and now world famous international coach; Mickey Riley, 1932 diving champion on the low board; Farid Samaika, Egyptian champion and holder of many American titles, and Bill Lewin, the Canadian diving champion.

There will also be many special events including comedy diving by the four Olympic stars.

Movie cameramen from every news reel company will grind at the meet and Palm Springs will again get the international publicity it has enjoyed at every year's swimming meet.

Now, the Time To Visit Joshua Tree Park

Anyone wishing to visit the interesting places in Joshua Tree National Monument, on the desert about 25 miles from Palm Springs, can do so now without fear of getting stuck in the sand, for the roads are in good condition, being the ordinary safe desert roads.

Cecil Isenagle, local manager of Tanner Motor Livery, headed a scouting party through the park last week. With him were his son Mike, Joe Dews and R. M. Payne. They drove first to 29 Palms, and returned via Split Rock Tank, Keys' Look-out and Quail Springs. The round trip was 154 miles, and they found the roads in good condition.

Mr. Isenagle reported that this is the time to visit that region, for the weather is ideal and the atmosphere is remarkably clear. From Keys' Look-out they could see Salton Sea and far into Imperial Valley.

"I would not advise anyone to try to go to Painted Canyon until after there has been a good rain," he stated. Mr. and Mrs. Isenagle and children drove there Sunday, and they found a number of places where cars had been stuck in the sand and where people had to cut greasewood and other brush to place in the road in order to get traction for the wheels. The sand is very loose and deep in the road.

Gov. Merriam Will Run For Re-election

Biggest political news of the day is the statement of Governor Frank Merriam that he will be a candidate for the Republican nomination for governor to succeed himself. The announcement was not unexpected.

Governor Frank F. Merriam announced at Oakley, California, Sunday, he would accept a nomination for a second term as governor of California when he arrived at Oakley to dedicate the opening of work on the \$4,000,000 Contra Costa county conduit,

part of the great \$170,000,000 Central Valley Water project.

Republican Leader Thomas M. Carlson said in introducing the governor before a crowd of several hundred persons:

"Even though I am a Republican, I was glad to see President Roosevelt reelected. He deserved it. And I think our governor deserves reelection. I nominate him for a second term."

The principal speaker on the program, Governor Merriam prefaced his dedicatory talk with the statement:

"I accept the nomination."

After the meeting the governor was

asked if his acceptance might be considered official.

"It was said in a public meeting," the governor replied.

Governor Merriam had not previously declared officially he would seek reelection.

AQUEDUCT STRIKERS FACE COURT IN RIVERSIDE

HIGH SCHOOL NOTES

A meeting of the Journalism Club was held on November 8. Various departments were assigned to different students, and it was decided to award pins to those eligible as soon as possible. Agnes Bell was appointed editor for the next six week period. Those eligible for pins are: Dixie Croft, Helen Dodd, Betty Jordan, Agnes Bell, Betty Lou Garland, and Mona Andrew.

At an assembly during special period Wednesday, November 3, pins were presented to members of the Scholarship Society. Only those students who had a "B" average or above for the first term were invited to attend. Dr. Gunnerson presented the pins, and he gave a fine talk on the advantages of being a good scholar.

Several members of the society also gave short speeches on appropriate subjects. John Young spoke on scholarship service, Bob Watson gave a speech on the topic, "What college offers in the way of scholarships." Bonnie Hinkle discussed scholarship points, and Mary Allen told of the advantages of membership. The following students received pins: Mary Allen, George Bundick, Betty Chambers, Jean Houser, Chloris Jellison, Betty Lou Mathes, Claude Moore, Bob Watson and John Young.

The students in the piano class are progressing quite rapidly under the able instruction of their teacher, Miss Bird. Those who are taking the course are: Montest Smith, Mary Allen, Mary Trotter, Wendelyn Millar, Betty Lou Mathes, Chester Morris, Doris Matheson, Eleanor Rose, June Rose, Ronald Warren, Dixie Croft, Zelma Crews, and Bessie Dysart.

The majority of the students are

working on book one; three of the class are completing book two; there are two advanced students working on book four; they have had several public recitals.

The French Club, which is under the supervision of Mr. Dale Porter, had its first meeting for the year and elected officers. They were: Mary Trotter, president; Jocelyn Sims, vice-president; and Max Ellis as secretary and treasurer.

The remaining part of the period was spent in the discussion of the French Exposition.

El Club Ideal held an informal party last week, inaugurating thirty-seven new members. Mary Allen, the president, gave a short introductory speech followed by a report on Spain by Ruth Guyer. A quartet, accompanied by Jean Mahurin, sang La Cucaracha and Alla en al Rancho Grande. Spanish games were played. Refreshments of Mexican cocoa and cookies were served.

Miss Thayer called a junior class meeting Monday for the purpose of reviewing numerous plays. Several persons on the play committee gave the plots of one act plays. Much discussion followed, but no decision was reached. The committee was instructed to read further and report at the next meeting.

On November 4, the Scholarship Society was conducted by Mr. Bond to various points of the tunnel. They went into the conduit three miles east of Cabazon, and then to East Portal, where they saw how the water was going to be carried off overhead, and

how the inside of the tunnel was being finished.

On November 20, they plan to go to Mt. Palomar, San Luis Rey, San Juan Capistrano, and Lake Elsinore.

Nine students from the Girls' Glee Club entertained at the home of Mrs. Barker, last Monday. The girls were dressed in school colors, having green dresses and white boleros. The speaker of the evening was Dr. Elliot.

A G. A. A. meeting was held today, November 8, in the quiet room of the girls' gym. They discussed ways of getting points for letters. The points count as follows: Class team, one hundred points; second class team, fifty, and class squad, five. Class tournaments will be held to determine girls' points. The sports that points will be given in are: basketball, hockey, baseball, volleyball, tennis, badminton, hiking, horseback riding and bicycle riding. Eight hundred points are necessary for a letter, one thousand points for an added star.

One hundred points gives a student one point for scholarship. Twenty-five points are necessary for membership. The meeting closed with Marjorie Pond being elected class secretary for this year.

The present enrollment in Mr. Choisser's science classes is as follows: biology, thirty-three; physics, thirty; chemistry, thirty, and general science, thirty. The total being one hundred and twenty-three.

After a careful study of flowers and their uses, the biology class is now beginning a study of flowerless plants, including bacteria and their uses. The physics classes are making a careful study of forces and their uses in practical applications. Mr. Choisser's science class is studying energy and its uses in daily life.

A play day was held at Elsinore, November 6. Students from the following schools attended: Coachella, Banning, Beaumont, Hemet and Peris.

The girls from Banning were: Muriel Duffy, Carrie Wahl, Wendelyn Millar, Dora Stanfield, Barbara McKinney, Virginia Valentine, Zelma Crews, and Marian Sivan.

On arriving the girls were given colored scarfs which represented their squads. Everything was cowboy style and the place where the play day was held was called El Rancho.

In the morning basketball, badminton, volleyball, croquet, archery, ping-pong and tennis were played. Lunch was served in the Old Corral and entertainment was furnished by each school. Coachella was considered to have had the best program.

After the program a dance was held in the gymnasium for the girls.

CHURCHES OF CHRIST, SCIENTIST

Thanksgiving Day services will be conducted on Thursday in Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The subject of the Lesson-Sermon is "Thanksgiving" and the Golden Text is from the Psalms: "The Lord is my strength and my shield; my heart trusted in him, and I am helped; therefore my heart greatly rejoiceth; and with my song will I praise him."

Among the Bible citations in the Lesson-Sermon are these words of the Psalmist: "Let the redeemed of the Lord say so, whom he hath redeemed from the hand of the enemy; . . . He sent his word, and healed them, and delivered them from their destructions. Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men! And let them sacrifice the sacrifices of thanksgiving, and declare his works with rejoicing."

The lesson-sermon presents also these words from "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "To ignore God as of little use in sickness is a mistake. Instead of thrusting Him aside in times of bodily trouble, and waiting for the hour of strength in which to acknow-

ledge Him, we should learn that He can do all things for us in sickness as in health."

During the service an opportunity will be afforded Christian Scientists in the congregation to give testimonies appropriate to the occasion.

THREE POSTMASTERS WILL BE APPOINTED FOR DESERT TOWNS

Three postmaster jobs in the local desert area are soon to be filled by the postoffice department at Washington, and all applications for the posts must be filed by November 12.

The offices at Desert Center, with a salary of \$1100; Mecca, with a salary of \$1500 and Yermo, paying \$1100 a year.

To fill the vacancies, the United States Civil Service has announced an open competitive examination to be held at each of the postoffices where the vacancy is to be filled.

TAKE CAUTION

The government reports the largest grain and cotton crops in seven years. There will be plenty of food and clothing for everybody, it is feared.—New Yorker.

AN ADVANTAGE

One feature of the new motor vehicle rules pertaining to speed may have been overlooked. It's not compulsory to drive fifty miles an hour all the way.—Philadelphia Bulletin.

NOTICE PUBLIC AUCTION

The following items, being held for storage charges, will be sold at auction to the highest bidder, at the Palm Springs Stage & Express, Indian Avenue, Palm Springs, California, on Monday, November 29th, 1937, at 2 o'clock p. m.:

South Palm Canyon Drive, Opp. Palm Springs Builders' Supply

When only one or two rooms are warm, even inside doors must be kept closed to prevent drafts.

Every room warm—no drafts—proper humidity—automatic temperature control—comfortable use of the entire house.

Why not choose the better picture?

Enjoy healthful comfort through Winter Air Conditioning with Natural Gas

No need to let cold weather reduce your livable rooms to one or two, and no need to put up with stale or excessively dry air, either. Let Natural Gas winter air conditioning bring healthful, carefree comfort to every room. The cost is small.

This modern equipment draws in fresh air, filters the air, warms it and circulates it into even the farthest corners. And think of the convenience! Merely set the thermostatic control—once—then relax in comfort all winter. Every room will be kept at the

proper temperature. Furthermore, in summer, too, you will enjoy the advantages of fresh, clean air and proper ventilation.

See your dealer or gas company for full information on winter air conditioning with Natural Gas or ask about inexpensive thermostatic control for smaller units, such as gas room-heaters.

NOW is the time—to have worn or defective parts adjusted or replaced.—to call your gas company for free inspection and advisory service if premises are insufficiently heated.

P. S. Folk Invited
To Hear Mussatti

Many Palm Springs people have received invitations to hear James Mussatti, executive secretary of the California Taxpayers' Association, speak on the subject, "Menaces To the Constitution," at the Community Playhouse at 3924 Twelfth Street, Riverside, next Wednesday evening, November 17, at 8 o'clock. The lecture is given under the auspices of Riverside Unit of Pro-America. The public is invited to the lecture, and there will be no admission fee or collection.

Mr. Mussatti, who is the author of "Constitutionalism," is a dynamic speaker, and he is expected to attract a capacity audience of Riverside county men and women to the playhouse. A graduate of U. S. C. with the class of 1932, Mussatti has studied the Constitution as a hobby since boyhood and now has a library of 700 volumes on the Constitution alone. After graduation he taught political and constitutional subjects at U. S. C. and then became executive secretary of the California Taxpayers association. In this position he has carried on his Constitution studies and has gained a wide reputation as a forceful public speaker.

Pro-America, a national movement dedicated to preserve the American ideal of government by awakening Americans to the individual responsibility of informed and active citizenship, has recently been organized here with Mrs. Childs as chairman, Mrs. H. G. Pattee, first vice-chairman; Mrs. J. S. Kearne, second vice-chairman; Mrs. Edgar Wall, treasurer; Mrs. Ross Carter, secretary; Mrs. Bailey Patterson, Mrs. Mary Jameson of Corona, Mrs. C. S. Henderson of Palm Springs, Mrs. Erwin Miller and Mrs. Donald Fullerton as directors. Honorary directors are Mrs. Kearne, Mrs. Pattee, Mrs. H. B. Chase and Mrs. Robin Skelley. Mrs. C. L. Nye is acting as membership chairman and Mrs. Patterson as program chairman.

Membership in the organization is open to any woman interested in the educational purpose of Pro-America, regardless of party affiliation.

Public Stenographer—Helen McEwen, Desert Sun Office. Phone 3594. tf

Bowling
League
Score

Commercial League bowling records were shattered last Tuesday evening when Jerry Sanborn of the Desert Grill team rolled a three-game series of 607, for an average of 202 and also a high game of 257. His team, however, was only able to gather one point from the strong Smoke Tree Ranch boys, who also recorded a high team series of 2920 points.

The Bank of America five split four points with the El Paseo team, while the Nevada-California Electric Corporation took three points from Safeway Stores.

Bowling fans of Palm Springs will have an opportunity to see some real class AA bowling Saturday evening, November 13. Harry Hopping, one of California's finest bowlers, will bring his major league team to compete with a strong aggregation selected by Ludie Britsch. Two of the leading ladies' team of Los Angeles will also bowl an exhibition games; Harrah Games and C. Gray & Company. These three teams will compete in the national tournaments and are expected to represent Southern California in fine style.

El Mirador's First
Dinner Dance
Saturday

The first dinner-dance of the season at El Mirador will be held Saturday night November 13, with the music of the famous orchestra headed by Pierre Carter, who has a great following in the Southland, and is considered one of the best string orchestras in the West.

This marks the beginning of a series of Saturday night dinner dances to be held throughout the season where the village elite, as well as El Mirador guests gather.

Due to the many events scheduled to be held this week-end in the village, the swimming meet and gymkhana, this is certain to be one of the biggest dinner dances of the season.

Los Angeles Attorney
Purchases Home
In Village

Stanley W. Guthrie, prominent Los Angeles attorney, and Mrs. Guthrie, who for a good many years have been frequent winter visitors to the village, have purchased a lovely home in Las Hacienditas. The home was formerly owned by John W. Williams.

Mr. and Mrs. Guthrie and daughter, Miss Phyllis Guthrie, have just moved into their new Palm Springs home for the season, and they are now making some extensive improvements.

NEW MACHINES PLACE
STRIPE ON HIGHWAY

Development of larger and more efficient machines for placing traffic stripes along California's highways to carry on the rapidly expanding stripe-marking program was announced by the state division of highways.

The latest machines built by the department will put down 20 to 25 miles of stripe per day, laying either a 4-inch stripe or two 3-inch stripes separated by a 3-inch black stripe. Earlier machines would put down only a few miles of single line during a day's operation, officials said.

Harry Mutascio
Buys 10 Acres
In Banning

Harry Mutascio, owner of Harry's Palm Springs Cafe, has purchased 10 acres in the western part of Banning, fronting on the state highway. He has not announced his plans for improvement of the property, but it is believed he will later build a fine bungalow court and cafe.

Mr. Mutascio has built up a fine business in Palm Springs during the past 10 years, having made additions and improvements in his cafe and cocktail lounge nearly every year. He has a large family, and it is believed he plans to develop the Banning property so as to eventually set up his children in business.

Mr. and Mrs. Mutascio purchased a fine home in Banning about two years ago, and the family spend their summers there. The Banning acreage purchased by him recently is at the corner of Sixteenth and Ramsey streets.

Famous motion picture and radio stars seen on the streets this week: Jack Benny, Bert Wheeler, Harold T. Manning, Ralf Harold, Eddie Cantor, Miriam Hopkins and her husband, Anton Litvak; "Big Boy" Williams, Spencer Tracy, Alice Faye, Patricia Wilder, Humphrey Bogart, Harry Cohn, Danny Dare, Rochelle Hudson, Jack Young, Mr. and Mrs. Pete Young, Dixie Dunbar, Ray Milland, Dorothy Lamour.

Among the recent guests at the Desert Retreat were a number of the film colony. Included were the popular couple Mr. and Mrs. Johnny Mack Brown, Jack Haley, the comedian was also a guest over the week-end.

Writers and publicity men were represented among week-end sojourners here in the persons of Cy Bartlett and Thomas Monroe.

Goff Hotel
(Continued From Page One)

family of New Canaan, Conn. His father was president of the Eberhart-Faber Pencil Co., foremost pencil manufacturers of the world. His mother, Mrs. Lennie Huber, New Canaan socialite, will come here soon to be with her son at the Goff Hotel. Mr. Goodsell also has wide experience as a hotel manager.

Although the two men have leased the hotel as a partnership, they have an option to buy and plan to exercise that option.

However, Palm Springs will not lose the Goff family, who have lived here more than 15 years. Mrs. Lillie Goff will operate the Dawson Court of 11 cottages, which she has managed for a number of years, at the corner of Amado Road and Indian avenue. The court belongs to her father, Elijah Dawson, pioneer resident.

Walter Blue Opens
Detective Bureau

Walter Blue, who became well acquainted with Palm Springs people when he was stationed here as investigator from Sheriff Carl Rayburn's office to assist the local police department, and was especially active here during the investigation of the Humphrey Pierson suicide, has opened a detective bureau in Riverside, and is seeking clients in Palm Springs.

Detective Blue was in town Wednesday on official business and to confer with some of his old friends. He has been engaged in police investigation work in Southern California for the past 22 years, and has been a resident of Riverside for many years, where he owns property. He is licensed and bonded by the state, and is recommended by the foremost sheriffs, detectives, and police chiefs of Southern California, with whom he has co-operated in the work of crime detection.
